PDSA Title *

Shared Decision Making for Patient Treatment Goals

Month *

November ▼

PLAN

What is the objective for this cycle? *

Assess RA patient's goal of treatment while implementing shared decision making

What do you predict will happen? *

Strengthen patient-provider relationship while improving patient outcomes

What is the plan for the cycle? What are the steps to execute the cycle, including data collection (who, what, where, when)? *

Goals will be discussed and answers documented using standard phrases in the office note under the impression section in the RA assessment.

DO

What did you observe? Include descriptions of successful encounters, problems, and other special circumstances that may or may not have been part of the plan. *

Monthly chart audits.

STUDY

Summarize and analyze the observed results. What did you learn from this cycle? *

Expand decision making between patient and provider.

Do the results agree with the predictions you listed in the “Plan” phase? *

Yes

No

Other:

ACT

What action are you going to take as a result of this cycle? *

Adapt the test

Plan for the next cycle. What changes are needed? If expanding or adapting, what will you do to continue your learning while beginning to spread the successes? *

.....
implement shared decision making model to achieve better patient outcomes and target goal.
