PLAN

What is the objective for this cycle? *

To increase the discussion and documentation of shared decision making

What do you predict will happen? *

We will increase our shared decision making documentation from about 10% to at least 50% of our patients

What is the plan for the cycle? What are the steps to execute the cycle, including data collection (who, what, where, when)? *

We will create a template phrase to use for the shared decision making process and discussion. It will include some general terms and also blanks which we can customize to the medication in question.

DO

What did you observe? Include descriptions of successful encounters, problems, and other special circumstances that may or may not have been part of the plan. *

Pending; will eval in late Dec.

STUDY

Summarize and analyze the observed results. What did you learn from this cycle? *

Pending; will eval in late Dec.

Do the results agree with the predictions you listed in the “Plan” phase? *

Yes

No

Other: Pending; will eval in late Dec.

ACT

What action are you going to take as a result of this cycle? *

Adapt the test

Plan for the next cycle. What changes are needed? If expanding or adapting, what will you do to continue your learning while beginning to spread the successes? *

Pending; will eval in late Dec.
